EXTRAORDINARY FACE OIL

Situation

You are currently working in an industrial cosmetics lab using parabens and phthalates. You want to quit this job for a more environmentally-friendly company. You are having a job interview with the human resources manager of the brand Circcell.

Tasks

You are expected to:

- introduce yourself
- explain the dangers of parabens and phthalates in cosmetics and the reasons why you want to change job
- develop arguments to explain what you like about Circcell products

Vocabulary:

human resources manager: DRH (directeur des ressources humaines)
