

### Subject n°17 : Natural perspective

*Please, do not write on the exam paper and do not forget to give it back at the end of the test.*

*This subject includes 2 pages.*

The following figure shows the design of a garden viewed from above.

On the attached sheet, the designer began to draw the natural perspective of the house with the garden for giving the owner a better picture of the future property, but he didn't finish it; it's necessary for you to help him.

- 1) Complete the drawing of the house first, then the garden .  
The segment [AB] is the front edge of the garden, there is a fountain right in the middle of it. Don't draw the hidden edges of the house.
- 2) Prepare the answers to the following questions :
  - What are the rules of natural perspective ?
  - Explain the rules and properties you have used to finish this drawing.
